Dear

My report is as follows:

ROY ROBERTSON MEMORIAL TROPHY DURATION CONTEST

On the 12th of July 1987 BENDIGO R.C.A.C. hosted the Roy Robertson Duration Event which was postponed from January this year because of bad weather.

The B.R.C.A.C. field is just outside Marong situated 16 Km West of Bendigo, and boasts a field kitchen, equipment shed, children's playground and a very large field with short grass (courtesy of four legged woolly mowers).

It's good to see the enthusiastic face of junior members at our competitions. They are after all our future. Good on you Anthony French, David Friswell, Ashley McDonald and Shane Mostert.

The contest director for the day was Warwick Bates. Conditions were perfect and three of the five rounds were flown before lunch.

Twenty three starters provided some hot competition with twelve contestants getting a perfect four minute flight and a landing inside the fifty meter circle at least four times. Andrew Kennedy won the day with one of the smallest models, powered by a Frog 500 !!

The over all trophy was taken back to NSW by John Quigley, scoring the highest points in Duration plus Texaco Events.

Secretary for the Society for Antique Modellers (Aust) (SAM), Warwick Bates, made the presentations and thanked the ladies and the B.R.C.A.C. for an enjoyable day's flying.

Yours sincerely

Trevor Boundy
Area Director for Victoria
