NOTAM SAM DURATION CONTEST

The newly formed Aero modeller's Club, NOTAM, (Nagambie Old Time Aero modeller's Club) held its inaugural meeting on Sunday 27 September 1987.

Nagambie is situated between the Hume Highway and Shepparton in Central Victoria adjacent to the proposed National Sport Aviation Centre at Mangalore.

President, Geoff Lawson, welcomed the contestants and flying commenced at 11 o'clock. Most contestants were able to complete three rounds before the 12.30 lunch break in sunny but windy conditions.

The Club had excellent picnic facilities (including umbrellas for shade). A BBQ lunch was available with hot and cold drinks.

Flying resumed after lunch, with diminishing wind conditions and the contest was concluded by 4 o'clock.

Once again Victorian region's high standard of flying produced eight contestants with perfect scores for the main fly-off, which was able to be conducted in one exciting round because there were no frequency clashes.

The winner, Andrew Kennedy, flying his new Playboy, put in an excellent performance with an immaculate model.

NOTAM's Secretary, Warwick Bates, presented trophies to the first three places. To commemorate the opening of the Club, all entrants received a gift, which had been donated by Model Engines the Hobby Hanger and Geof Lawson.

Attached is list of the contest results in order of placing.

Yours sincerely

Trevor Boundy
SAM Area Director, Victoria

NAGAMBIE OLD TIMER AEROMODELLERS

INTRODUCTORY SAM DURATION CONTEST

#	NAME	MODEL	BEST of 4	FLY OFF's
