**ROY ROBERTSON MEMORIAL TROPHY at P&DARCS**

On Sunday and Monday the 27th and 28th of January 1988 the third Roy Robertson Memorial Trophy was held by the founding club. A 1000 foot clearance was obtained from DAT. for both events. The Texaco contest was held on Sunday under dark skies, in-between rain squalls and winds gusting to 27 MPH. There were 20 entries and after a majority vote to press on 15 fliers actually flew. Ted Hall was the eventual winner on the day followed by Graham Sinclair and Lyall Ford in third place.

The Duration contest on Monday was flown under more pleasant conditions with 19 entries, A fly off in two rounds was required to separate 9 equal scores, with the eventual winner being Ashleigh McDonald, seconded by Graham Sinclair and followed by Len Mostert.

The winner of the RR Memorial Trophy, with the highest total points for the two days, was Graham Sinclair who was first known in aero modelling in the ECMAC days of the 1950's. He put up a very determined effort despite the repair of broken wings to his TEXACO and DURATION models.

The concourse for best model went to Lyall Ford with his TEXACO Jasco Flamingo, beautifully finished in yellow tissue and complete with dowels and hold down bolt for the wing.

Warwick Bates presented the RR trophies, and Monty Tyrrell presented the best model trophy donated by the HOBBY HANGER.

Yours in SAM,

Trevor Boundy.  
SAM Area Director, Victoria
